

FORM FOR EMPLOYERS

INSTITUTION: University of Bielsko-Biala

CITY: Bielsko-Biala, Poland

POSITION: Senior lecturer

DISCIPLINE: physics

POSTED: 25.05.2018

EXPIRES: 25.06.2018

WEBSITE <https://www.ath.bielsko.pl/category/konkursy/>

KEY WORDS: physics, polymer physics, physical methods of polymer investigations, X-ray diffraction methods of polymer structure investigations: WAXS and SAXS

DESCRIPTION: (field, expectations, comments):

The candidate for the position has to meet the requirements of the act of Polish Parliament of 27.07.2005 *Higher Education Law (with subsequent changes)*. In particular the candidate:

Requirements:

- (1) should be a PhD in the discipline of physics;
- (2) should have an experience in didactic work as an academic teacher in the field of subject physics;
- (3) should speak fluently Polish.

Additional qualifications:

- (1) an experience in scientific work confirmed by achievements in polymer physics, particularly in the field of structural investigations of polymers by means of X-ray diffraction methods WAXS, SAXS.

Candidates should deliver the following documents to the Faculty of Materials, Civil and Environmental Engineering of the University of Bielsko-Biała (Willowa 2, 43-309 Bielsko-Biała, Poland, building L room 109) ;

- 1) a job application directed to the Rector of the University of Bielsko-Biała, prof. dr hab. Jarosław Janicki;
- 2) curriculum vitae;
- 3) a self presentation of scientific achievements and career;
- 4) copies of documents confirming scientific degrees;
- 5) a statement that the University of Bielsko-Biała will be the first place of employment of a candidate;
- 6) personal questionnaire.

The deadline for submission of the documents listed above is 25th June 2018.

The start of employment is 01st October 2018.
