

## **Assistant Professor in the Research Staff Group at Department of Molecular Physics, Faculty of Chemistry, Technical University of Lodz**

Lodz University of Technology is one of the finest universities of technology in Poland. Its tradition and experience in training professionals and conducting research date back more than 75 years. It is an attractive partner for business. It cooperates with the largest national and international corporations. It conducts research of a European standard, develops new technologies and creates innovation in collaboration with the leading research centres all over the world. One of the pillars of Lodz University of Technology management is equal treatment of staff regardless of their gender, age, race or other demographic and social characteristics. In 2016, TUL was the first technical university in Poland to receive the HR EXCELLENCE IN RESEARCH award certifying that the University adheres to the principles of *the European Charter for Researchers* and *the Code of Conduct for the Recruitment of Researchers*.

### 1. The requirements for the candidate:

- Ph.D. degree in science and life sciences in the discipline of physical, chemical sciences, or related sciences.
- fluency in written and spoken English;
- experience in studying photoluminescent phenomena;
- experience in electrochemical analysis;
- experience in studying electroluminescent phenomena;
- proven track record of scientific accomplishments in optoelectronics;
- ability to prepare scientific reports and public presentation of scientific results in English;
- ability to work in a team environment.

### Desired additional skills:

- experience in constructing and testing light-emitting diodes (organic and hybrid);
- experience in testing electronic components by impedance methods;
- experience using time-resolved spectroscopic techniques;
- experience in the synthesis of organic compounds;
- experience using gloveboxes;
- ability to prepare thin films of organic and hybrid materials using various solution methods;
- self-reliance and decision-making skills;
- openness to new concepts, ease of learning;

### 2. Working conditions:

Employment contract (full-time) from January 2024 with a PLN 11666.67 of full remuneration costs

### 3. Description of the expected scope of tasks and responsibilities:

- Conducting scientific research under prof. Przemyslaw Data supervision within the research project "Ambipolar, bowl-shaped polyaromatic compounds with manifold, precisely arranged, nitrogen dopants. Unprecedented class of efficient OLED emitters" (Acronym: BOWLEDs).
- Performing duties of an assistant supervisor for a PhD student employed to carry out the BOWLEDs project.

## Politechnika Łódzka

- Active participation in organizational work related to implementation of the BOWLEDs project.
- Active participation in the construction and organization of laboratory facilities needed for the implementation of the BOWLEDs project and in maintaining them in good technical condition.
- Organizational work for the Department of Molecular Physics, Faculty of Chemistry and Lodz University of Technology in the scope related to the implementation of the BOWLEDs project (e.g. related to renovations, moving to new premises, failures, etc.).

#### 4. List of required documents:

- 1) Application for employment to the JM Rector of Lodz University of Technology;
- 2) Personal questionnaire for a person applying for employment at the Lodz University of Technology, as provided in Appendix No. 1.1 to the " OTM-R POLICY - OPEN TRANSPARENT MERIT-BASED RECRUITMENT ";
- 3) Data Privacy Statement as provided in Appendix No. 1.2 to the "OTM-R POLICY - OPEN TRANSPARENT MERIT-BASED RECRUITMENT";
- 4) Consent to processing of personal data, as provided in Annex No. 1.3 to the " OTM-R POLICY - OPEN TRANSPARENT MERIT-BASED RECRUITMENT ";
- 5) True copies/copies of diplomas;
- 6) Other documents proving qualifications.

5. Applications will be accepted until **13.12.2023** at the Secretariat of the Department of Molecular Physics, Lodz University of Technology, 116 Żeromskiego Street, 90-924 Łódź, (building A27) or by e-mail: [w3k31@adm.p.lodz.pl](mailto:w3k31@adm.p.lodz.pl) (in the title of the e-mail necessarily write: "**competition - research assistant professor K31**"). The competition organizer reserves the right to cancel the competition without giving any reasons. The results of the competition are not tantamount to the establishment of the employment relationship with Lodz University of Technology. The final decision on employment will be made by the Rector based on the recommendation of the competition committee. Candidates will be allowed to collect their documents related to the competition for 30 days after the competition ends.

6. Contact person and e-mail address for sending documents or scans: Agnieszka Łazuchiewicz [w3k31@adm.p.lodz.pl](mailto:w3k31@adm.p.lodz.pl)

7. Expected date of the announcement of the decision: 2.01.2024.

8. Candidate Information Materials (Department of Molecular Physics description):

Department of Molecular Physics (KFM) is a part of the Faculty of Chemistry of the Lodz University of Technology. It is an interdisciplinary unit, conducting research at the intersection of chemistry, physics, material engineering, including nanotechnology. Currently, the Department's topics include the physics of organic solids, physics and physical chemistry of polymers, including:

- electrical and optical properties, conductivity and photoconductivity of polymers;
- electroluminescence and luminescence of organic materials;
- molecular spectroscopy of polymers;
- stimuli-sensitive polymer hydrogels;
- organic semiconductors and conductors, molecular crystals;
- physical methods of polymer modification, new methods of composites manufacturing;
- thin film deposition technologies;
- modeling of macromolecular dynamics;

9. In case of sending the documents by mail, the envelope should be marked "**competition - research assistant professor K31**".
