FORM FOR EMPLOYERS

INSTITUTION: AGH University of Krakow

DEPARTMENT: Faculty of Energy and Fuels, Department of Sustainable Energy Development

CITY: Krakow

POSITION: Assistant professor in a group of research staff

Employment within the IDUB Project, Action: D21 Ensuring conditions for independent scientific work for individuals with habilitation. Appointing positions of 'university professor with habilitation' related to 'starting money'.

DISCIPLINE: environmental engineering, mining and energy

EXPIRES: 05.04.2024

WEBSITE: https://www.agh.edu.pl/o-agh/praca-w-agh

KEY WORDS: Energy system, development perspectives, modelling, scenarios, forecasts

DESCRIPTION (field, expectations, comments, requirements):

The competition is related to research in the area of:

- Planning the expansion and operation of energy systems,
- Energy-Economy-Environment (3E) integrated modelling,
- Energy system modelling for energy policy.

The candidate should hold a Ph.D. in technical sciences and have documented scientific achievements, published in journals, related to studying the development perspectives of the national energy system. Utilizing 3E class models (energy-economic-environmental) in research would be an additional advantage. The candidate should possess knowledge in system research and energy economics, along with experience in developing energy scenarios and/or forecasts. Additionally, the candidate should demonstrate proficiency in English enabling publication in this language. A willingness for further scientific development and the ability to solve encountered problems are also required.

REQUIREMENTS:

- 1) Ph.D. degree in technical sciences, in the discipline of environmental engineering, mining and energy,
- 2) Documented scientific achievements (list of publications) in research area related to the development perspectives of the national energy system,
- 3) Experience in working with 3E class models (energy-economic-environment) would be an additional asset,
- The candidate should possess knowledge in system research and energy economics, along with experience in developing energy scenarios and/or forecasts,
- Organizational achievements,
- 6) Documented active participation in scientific/technical national or international conferences and symposia,
- 7) Predisposition to scientific work,
- 8) Proficiency in English at a level of at least B-2,
- 9) A willingness for further scientific development and the ability to solve encountered problems are also required.

DOCUMENTS REQUIRED:

- 1) a document confirming the possession of a doctorate in technical sciences,
- 2) a document confirming the knowledge of the English language at the level of at least B-2,
- 3) application,
- 4) CV,
- personal questionnaire,
- 6) a copy of diplomas and other certificates confirming the qualifications held,
- 7) information on scientific activities,
- 8) information on organization activities,
- 9) list of publications.

DOCUMENTS MUST BE SUBMITTED:

The documents should be submitted in electronic form to the following address: wpebiuro@agh.edu.pl with a note "KZRE_ Assistant professor" or to the Secretariat of the Office of the Dean of the Faculty of Energy and Fuels, AGH, al. Mickiewicza 30, 30-059 Krakow, building D-4, 1st floor, room 119, phone: 12 617 20 66

The AGH University will be the candidate's main place of employment.

The AGH University of Krakow does not require you to provide any information or data other than those resulting from the applicable law (name/names, surname, date of birth, contact details, education, professional qualifications, and employment history). However, if you choose to include your photograph or any other information, please fill in and attach this statement of consent to the processing of personal data, which constitutes an attachment to this information.

The controller of your personal data processed in order to carry out the recruitment process for the above-mentioned position is the AGH University of Krakow, al. A. Mickiewicza 30, 30-059 Krakow. You can read all information concerning the processing of your personal data on the website of the AGH University of Krakow after going to the "Personal data protection" tab (https://www.agh.edu.pl/en/personal-data-protection).

The University reserves the right not to settle the competition without providing any reason or justification. Winning the competition is not tantamount to ensuring the candidate's employment. The result of the competition serves solely as a recommendation to the Rector in this regard. The final decision concerning the employment will be made by the Rector.
