

FORM FOR EMPLOYERS

INSTITUTION: AGH University of Krakow

DEPARTMENT: Faculty of Geo-Data Science, Geodesy and Environmental Engineering AGH University

CITY: Krakow

POSITION: Assistant in a group of Research and Teaching Staff

DISCIPLINE: Civil Engineering, Geodesy, and Transport

POSTED: 15.10.2024

EXPIRES: 15.11.2024

WEBSITE <https://www.agh.edu.pl/o-agh/praca-w-agh>

KEY WORDS: Mining survey, telemetry

DESCRIPTION (field, expectations, comments, requirements):

1. The assistant will conduct teaching activities and both independent and team-based scientific research carried out by the Department of Mining Area Protection, Geoinformatics, and Mining Geodesy.
2. These tasks will involve designing and implementing installations for the telemetry monitoring of objects and underground infrastructure, as well as utilizing modern measurement techniques (laser scanning, BSL, laser plumb, gyro azimuth measurements) in work for mining enterprises.
3. The research work is expected to result in the implementation of modern measurement and telemetry techniques, scientific publications, and conference presentations related to them, as well as the creation of new devices with their patenting.

REQUIREMENTS:

1. A doctoral degree in the field of engineering and technical sciences in the discipline of civil engineering and transport or related fields - awarded for geodetic studies,
2. scientific achievements documented by publications, patents, and presentations at international scientific conferences,
3. proficiency in designing and implementing installations for the telemetry monitoring of objects and underground infrastructure,
4. documented practical experience in performing geodetic work related to mining facilities,
5. experience in using modern measurement techniques (laser scanning, UAV, laser plummeting, gyro azimuth measurements) in work for mining facilities,
6. proficiency in industry-specific English at a level of at least B2 (for candidates whose native language is not English),
7. strong organizational skills both in personal work and project work, as well as experience in leading teams,
8. enthusiasm for scientific and teaching work, availability, and motivation to work,
9. completed didactic course.

A candidate may be a person who meets the following requirements specified in the Law on Higher Education:

- has the qualifications specified in the Act
- has full legal capacity
- has not been convicted by a final court judgment for an intentional crime
- fully enjoys public rights

DOCUMENTS REQUIRED:

- 1) application, CV, personal questionnaire,
- 2) list of scientific achievements,
- 3) document confirming the award of a doctoral degree,
- 4) confirmation of completion of a didactic course,

- 5) documented practical experience in performing geodetic work related to mining facilities,
- 6) document confirming knowledge of English at a level of at least B2 (for candidates whose native language is not English),
- 7) Document confirming knowledge of Polish at a level of at least C-1 for persons whose native language is not Polish.

DOCUMENTS MUST BE SUBMITTED:

Complete documentation must be sent to the following email address: elatom@agh.edu.pl or sent to the address: Faculty of Geo-Data Science, Geodesy and Environmental Engineering AGH University Dean Office, al. Adama Mickiewicza 30, 30-059 Kraków, C4, 113.

The AGH University will be the candidate's main place of employment.

The AGH University of Krakow does not require you to provide any information or data other than those resulting from the applicable law (name/names, surname, date of birth, contact details, education, professional qualifications, and employment history). However, if you choose to include your photograph or any other information, please fill in and attach this statement of consent to the processing of personal data, which constitutes an attachment to this information.

The controller of your personal data processed in order to carry out the recruitment process for the above-mentioned position is the AGH University of Krakow, al. A. Mickiewicza 30, 30-059 Krakow. You can read all information concerning the processing of your personal data on the website of the AGH University of Krakow after going to the "Personal data protection" tab (<https://www.agh.edu.pl/en/personal-data-protection>).

The University reserves the right not to settle the competition without providing any reason or justification. Winning the competition is not tantamount to ensuring the candidate's employment. The result of the competition serves solely as a recommendation to the Rector in this regard. The final decision concerning the employment will be made by the Rector.
