FORM FOR EMPLOYERS

INSTITUTION: AGH University of Krakow

DEPARTMENT: Space Technology Centre AGH University of Krakow

CITY: Krakow

POSITION: associate professor in a group of research staff (propulsion systems)

DISCIPLINE: automation, electronics, electrical engineering and space technologies

POSTED: 31.01.2025

EXPIRES: 01.03.2025 r.

WEBSITE https://www.agh.edu.pl/o-agh/praca-w-agh

KEY WORDS: space technologies, rocket engineering, satellite propulsion systems

DESCRIPTION (field, expectations, comments, requirements):

A full-time job for an associate professor in a group of research staff at the AGH Space Technology Centre.

The position will be tasked with developing a research programme based on innovative thinking and scientific excellence, complementary to the expertise currently available in modelling and simulation of mechanical systems, development of satellite propulsion systems, and development of electrical satellite propulsion systems. The person employed at this position will be responsible for the research programme at international level for the design and implementation of electrical satellite propulsion technologies in the space environment, and for acquiring funding for the projects based on national and international funds, including funding from industry entities. As part of the research activities, he or she will develop international partnership cooperation with academic units, stakeholders and industry partners.

Subject area: space technologies, satellite propulsion systems, inductive electric propulsion systems

Full-time employment, fixed-term contract until 31.12.2025, with the possibility of extension, including permanent contract extension. Planned employment from 17/03/2025.

REQUIREMENTS:

- 1) scientific degree and academic achievements conferring eligibility for employment as an associate professor,
- 2) declared field of science: engineering and technology sciences; scientific discipline: automation, electronics, electrical engineering and space technologies
- documented significant scientific achievements in the field of space engineering or rocket propulsion systems and electrical propulsion systems for satellites,
- 4) documented research fellowship at a foreign university (outside the country of permanent employment) or at an equivalent research unit (at least 6 months),
- 5) experience in carrying out scientific research projects,
- 6) experience in acquiring funds for scientific research projects and managing research projects,
- 7) experience in international cooperation,
- 8) participation in scientific conferences,
- 9) exemplary excellent ethical attitude (accordant with:<u>www.agh.edu.pl/o-agh/dokumenty/inne/kodeks-etyczny-agh</u>),
- 10) knowledge of English at B-2 level at least.

Additional beneficial skills:

documented, significant teaching experience

To be considered a candidate you must meet the following requirements set out in the Act:

- 1) you hold the qualifications defined in the Act,
- 2) you have full capacity for juridical acts,
- 3) you have not been convicted for an intentional offence,
- 4) you enjoy full public rights.

DOCUMENTS REQUIRED:

- 1) CV,
- 2) a list of your scientific and organizational achievements, and optionally a list of your didactical achievements,
- 3) a document proving your residency at a foreign university or another equivalent research unit,
- 4) your consent to process your data in the recruitment process in accordance with the applicable law.

DOCUMENTS MUST BE SUBMITTED:

Complete documentation must be sent to the following email address: ctk-hr@agh.edu.pl

The AGH University of Krakow does not require you to provide any information or data other than those resulting from the applicable law (name/names, surname, date of birth, contact details, education, professional qualifications, and employment history). However, if you choose to include your photograph or any other information, please fill in and attach this statement of consent to the processing of personal data, which constitutes an attachment to this information.

The controller of your personal data processed in order to carry out the recruitment process for the abovementioned position is the AGH University of Krakow, al. A. Mickiewicza 30, 30-059 Krakow. You can read all information concerning the processing of your personal data on the website of the AGH University of Krakow after going to the "Personal data protection" tab (https://www.agh.edu.pl/en/personal-data-protection).

The University reserves the right not to settle the competition without providing any reason or justification. Winning the competition is not tantamount to ensuring the candidate's employment. The result of the competition serves solely as a recommendation to the Rector in this regard. The final decision concerning the employment will be made by the Rector.
