

### ASSISTANT PROFESSOR IN THE GROUP OF RESEARCH AND TEACHING STAFF, INSTITUTE OF FOOD TECHNOLOGY AND ANALYSIS, FACULTY OF BIOTECHNOLOGY AND FOOD SCIENCES

Lodz University of Technology (TUL) is one of the top technical universities in Poland, with 80 years of tradition and experience in education and scientific research. It is an attractive partner for business, collaborating with leading companies both domestically and internationally. TUL conducts scientific research and develops new technologies and patents in cooperation with top research centers worldwide. One of the University's core principles is equal treatment of employees regardless of gender, age, race, or other demographic and social characteristics. In 2016, TUL became the first technical university in Poland to receive the HR EXCELLENCE IN RESEARCH award, confirming its adherence to the principles of the "European Charter for Researchers" and the "Code of Conduct for the Recruitment of Researchers."

The Institute of Food Technology and Analysis at the Faculty of Biotechnology and Food Sciences is a modern research and teaching unit that combines innovative research with a practical approach to food technology. It is equipped with state-of-the-art laboratories conducting advanced analyses and research on functional, health-promoting, and traditional foods. The unit successfully secures funding for both basic and applied research.

1. Candidate Requirements:

- PhD in food technology and nutrition or a related discipline,
- Significant scientific achievements in food technology and analysis, particularly in modern food preservation techniques or functional foods,

• Minimum of 3 years of teaching experience in higher education, especially in food technology and analysis,

- Ability to conduct classes in Polish,
- Completion of a research internship at a foreign institution,
- English language proficiency at C1 level or equivalent,

• Authorship or co-authorship of at least 3 scientific publications listed in JCR, each with a minimum of 100 points according to the Polish Ministry of Science and Higher Education.

Additional assets:

- Authorship or co-authorship of patents,
- Industrial internship experience,
- Communicative knowledge of a language other than Polish and English,
- Familiarity with analytical techniques: HPLC, FT-IR, EPR, SEM, UV/Vis,
- Ability to operate technological equipment such as spray dryers, freeze dryers, mills, etc.
- 2. Working Conditions:
- Full-time employment contract,
- Start date: October 1, 2025.

### We offer:

- Opportunities for scientific career development,
- International research visits,
- Participation in national and international scientific conferences,
- Extensive social benefits package (e.g., holiday subsidies, child vacation support, subsidized trips, university-owned holiday resorts),
- Group life insurance,
- Private medical care,
- On-campus kindergarten and nursery,
- On-campus parking.
- 3. Job Responsibilities:
- Conducting and documenting research activities and disseminating results,
- Teaching various types of academic classes (lectures, labs, exercises, projects),
- Participating in organizational work for the university and the institute,
- Regularly publishing research results in international scientific journals,
- Applying for research funding,
- Collaborating with the socio-economic environment,
- Cooperating with other units within the faculty, nationally, and internationally.

### **Required Documents:**
