TASKS / ROLE

- teaching courses in Polish and English within the Geodesy and Cartography and Real Estate 5.0 study programmes, particularly in the areas of BIM technologies, data management, and information management in investment processes
- conducting scientific research in the fields of BIM, Digital Twins, and spatial data management
- publishing research results in recognized national and international scientific journals
- acquiring and implementing national and international research and development projects
- developing scientific cooperation with national and international research institutions and socio-economic stakeholders
- participating in organizational activities of the Department of Geodesy
- promoting science

REQUIREMENTS

- a doctoral degree in the discipline of civil engineering, geodesy and transport
- a very good command of Polish and English enabling the teaching of courses
- knowledge of BIM methodology (Building Information Modeling) and its applications
- practical knowledge of Autodesk Revit software

- knowledge of current procedures for project implementation using BIM, norms and BIM standards, in particular the ISO 19650 series, as well as common data environments (CDE)
- programming skills in Python
- teamwork skills and the ability to cooperate with representatives of the academic and business communities

ADDITIONAL REQUIREMENTS

- experience in the implementation of research and development projects related to BIM
- publication record in the field of BIM, digitalization of construction or information management
- knowledge of additional BIM software (e.g. Navisworks, Solibri, Civil 3D, Archicad)
- experience in working with point clouds and models of existing objects
- participation in the development of BIM standards, guidelines or procedures for public administration or enterprises
- knowledge of GeoAI methods and machine learning in GIS applications
- experience in scientific activity related to the digitalization of investment processes
- knowledge of ArcGIS Pro or QGIS environments

BENEFITS

- employment at one of Poland's leading technical universities, which co-creates modern science and education
- a friendly working environment based on cooperation, mutual respect, and academic values
- stable employment and transparent working conditions
- additional annual salary
- opportunities for scientific and academic career development in an inspiring academic environment
- access to modern research, teaching, and laboratory infrastructure supporting research and teaching activities
- opportunities to take part in international mobility under the Erasmus+ programme and engage in international collaboration
- relocation support and assistance with residence formalities for international employees
- access to Gdańsk Tech Library resources and modern campus infrastructure
- social benefits, including preferential loans, holiday subsidies, and access to the Gdańsk Tech holiday resort, set amid the picturesque lakes and forests of the Kashubia region
- the option to join a private healthcare plan, group life insurance, and the MultiSport recreational programme
- sports activities held at University facilities
- a family-friendly campus, with a kindergarten, baby-changing and feeding facilities, catering points, and relaxation areas
- work in a location with excellent transport connections, with the possibility of using free parking spaces

REQUIRED DOCUMENTS

- curriculum vitae (CV)
- documents confirming obtained academic and professional degrees/titles
- documents confirming language skills in Polish and English
- information on professional achievements
- list of scientific publications
- declaration that Gdańsk University of Technology will be the primary place of work in the event of employment of the candidate

PLACE AND FORM OF THE OFFERS

- By e-mail to the address: pawel.s.dabrowski@pg.edu.pl
- In the title of e-mail, please enter: Assistant Professor in the Department of Geodesy

ELIGIBILITY CRITERIA

The eligibility criteria will relate to the requirements of a given competition and will concern a qualitative and quantitative assessment of the candidate's qualifications, competences, experience and achievements

ADDITIONAL INFORMATION

- The competition can be finalized without selection of the candidate.
- Winning the competition does not mean that the candidate will be employed. The final decision on employment is made by the rector.
- One can report any special needs related to the recruitment process (interview), resulting from disability, by sending such information to the e-mail address provided in the advertisement.
- [Documents for the candidates.](#)

Note

If you provide data other than: first name(s), surname, date of birth, contact details, education, professional qualifications, previous employment history please include the following clause:

I hereby consent to the processing of my personal data contained in the recruitment application by Gdańsk University of Technology (ul. G. Narutowicza 11/12, 80-233 Gdańsk, Poland) for the purposes of the recruitment process conducted for the position I am applying for.

Information on the principles for the processing the personal data of job applicants:

1. The Data Controller presented in the job offer is Gdańsk University of Technology with its seat at ul. G. Narutowicza 11/12, in Gdańsk (postal code: 80-233).
2. The Data Controller appointed the Data Protection Officer (DPO), who may be contacted via email address: dpo@pg.edu.pl. You may contact the DPO in all matters relating to the processing of your personal data by Gdańsk University of Technology and the exercise of rights in relation to the processing of personal data. The DPO, however, does not process other matters, like handling the recruitment procedures, collecting recruitment documents, providing information on current recruitment process.
3. Your personal data shall be processed in the scope as provided for in the Labor Code , i.e. given name (names) and family name, date of birth, contact information, education, professional qualifications, previous employment history, for the purposes of this recruitment process (pursuant to Article. 6(1)(c) of GDPR*), whereas other data shall be processed based on your consent (pursuant to Article 6(1)(a) of GDPR*), as follows:
I consent to the processing of my personal data contained in the recruitment application by Gdańsk University of Technology (ul. G. Narutowicza 11/12, 80-233 Gdańsk, Poland) for the purpose of therecruitment process conducted for the position I am applying for.
4. Your personal data will be stored for a period of 6 months counting from the completion of the recruitment process for the position advertised and, in the case of successful start of employment, until the termination of the employment relationship, and will then be archived and kept for a period of 10 years.
5. The provided data will not be made available to third parties. The recipients of the data will only be institutions authorized by law.
6. Under the terms of the GDPR*, you have the right:
 - a. to access the content of your data,
 - b. to rectify the personal data when they are inconsistent with the reality,
 - c. to delete, limit the processing, as well as data transfer, pursuant to applicable regulations,
 - d. to object to the processing of your data,
 - e. to lodge a complaint to the supervisory authority - the President of the Office for Personal Data Protection, if you consider that the processing of your personal data violates the provisions on the personal data protection,
 - f. to withdraw your consent at any time (if expressed, without affecting the lawfulness of processing carried out on the basis of the consent before its withdrawal).
7. The personal data provided by you will not be subject to profiling.
8. Providing your personal data to the extent resulting from Art. 22¹ of the Labor Code is obligatory to participate in the recruitment process for the position you applying for. Providing other data by you is voluntary.

*GDPR - Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
