

FORM FOR EMPLOYERS

INSTITUTION: AGH University of Science and Technology

DEPARTMENT: Faculty of Energy and Fuels, Department of Thermal and Fluid Flow Machines

CITY: Kraków

POSITION: Assistant in a group of research and teaching workers

DISCIPLINE: Environmental engineering, mining and energy

POSTED:

EXPIRES: 22.11.2021

WEBSITE: www.agh.edu.pl

KEY WORDS: research and teaching, water desalination, solar still, adsorption chiller, thermal energy storage, phase change materials,

DESCRIPTION (field, expectations, comments, requirements):

This position involves research in the subjects of water desalination in solar stills and adsorption chillers, research on the effectiveness of adsorption chillers and thermal energy storage in phase change materials. Publishing results of the research in scientific journals, and presenting them at national and international conferences, and teaching classes. The candidate should have experience in conducting research in an international or national team. Additionally, the candidate should be fluent in English confirmed publications scientific papers. The candidate should provide a list of presentations at national and/or international conferences.

Requirements:

- MSc graduate in Energy Engineering (minimum grade: B+),
- the candidate should show the progress of finishing PhD thesis in the DISCIPLINE: *Environmental engineering, mining and energy*,
- Predispositions for research work, preferred candidates with experience in at least 1 research projects and experience in applications for research projects,
- The candidate should have documented scientific achievements (publications) assigned to the discipline *Environmental engineering, mining and energy* and the summary IF of the publication for the last years should not be less than 12.000,
- Experience in conducting scientific research on solar stills and adsorption chillers documented by publishing at least 2 scientific papers in the highly-scored scientific papers (each min. 100 points according to the *st of scientific journals and peer-reviewed materials from international conferences* by the Ministry of Education and Science),
- Completed teaching course or during the course,
- Knowledge of English enabling effective use of scientific and technical literature (at least B-2 level),
- Exemplary ethical attitude (www.agh.edu.pl Dokumenty „Kodeks Etyczny AGH”),

- Knowledge of software such as Matlab, CAD (e.g., AutoCAD, Revit) would be advantageous.

DOCUMENTS REQUIRED

1. Cover letter, CV and personal data questionnaire.
2. Copy of diplomas and other certificates confirming possessed qualifications.
3. Summary report including interests and scientific achievements, as well as completed internships.
4. Certificate of English ability (at least B-2 level, effective use of scientific and technical literature)
5. Periodic evaluation sheet or opinion from previous place of work, or in the case of current graduates, opinion of the doctoral dissertation supervisor or master thesis supervisor.

DOCUMENTS MUST BE SUBMITTED AT:

The documents should be submitted in electronic form to the following address: wpebiuro@agh.edu.pl or to the Secretariat of the Faculty of Energy and Fuels, AGH, al. Mickiewicza 30, 30-059 Kraków, building D-4, 1st floor, room 119, phone: 12 617 20 66

The AGH University will be the candidate's main place of employment.
