## FORM FOR EMPLOYERS

INSTITUTION: University of Science and Technology

DEPARTMENT: Faculty of Foundry Engineering

CITY: Cracow

POSITION: assistant in a group of research workers

**DISCIPLINE: Materials Engineering** 

EXPIRES: 28.10.2022

KEY WORDS: liquid metal engineering, reactivity studies in liquid metal/solid substrate, hi-tech foundry technologies, advanced materials, synthesis of materials, materials for special applications

DESCRIPTION (field, expectations, comments, requirements):

- completed technical university studies in the discipline of Materials Engineering or Metallurgy,
- PhD degree or open PhD study in the discipline of Metallurgy or Materials Engineering',
- knowledge of issues in the field of liquid material engineering, including high-temperature tests,
- knowledge of metallurgy and casting of monolithic alloys and metal composite materials (MMCs),
- experience in the implementation of grants and research projects,
- knowledge of the English language at least at the B-2 level,
- experience in using specialized CAD software (SolidWorks, Fusion360) and computer simulation programs used at foundry,
- ability to work in research teams,
- predisposition to research and scientific work confirmed by scientific publications, active participation in conferences and symposia, including international ones.

## **DOCUMENTS REQUIRED**

- 1. application, CV, personal questionnaire,
- 2. a document confirming the knowledge of the language at a level of at least B-2,
- 3. copies of certificates confirming the qualifications held,
- 4. list of published papers and conference articles,
- 5. an opinion on the teaching and research activity to date,6. list of ongoing research and research and development projects.

The expected period of employment is 1 year with the possibility of extension.

Competition documents, addressed to the Department of Foundry Process Engineering, should be submitted in sealed envelopes (with the annotation " assistant in a group of research workers") at the Dean's Office located in building D-8, 23 Reymonta Street, 1st floor, room 115 or in electronic form to the following e-mail address: biurowo@agh.edu.pl, by 28/10/2022 by 15:00.

The AGH University will be the candidate's main place of employment.

The AGH University of Science and Technology does not require you to provide any information or data other than those resulting from the applicable law (name/names, surname, date of birth, contact details, education, professional qualifications, and employment history). However, if you choose to include your photograph or any other information, please fill in and attach this statement of consent to the processing of personal data, which constitutes an attachment to this information.

The controller of your personal data processed in order to carry out the recruitment process for the above-mentioned position is the Stanisław Staszic AGH University of Science and Technology in Krakow, al. A. Mickiewicza 30, 30-059 Krakow. You can read the full information concerning the processing of your personal data on the AGH University of Science and Technology's website after going to the "Protection of personal data" tab at (www.agh.edu.pl/RODO).

The University reserves the right not to settle the competition without providing any reason or justification. Winning the competition is not tantamount to ensuring the candidate's employment. The result of the competition serves solely as a recommendation to the Rector in this regard. The final decision concerning the employment will be made by the Rector.
